Partyman Catering & The Annex Testimonials and Reviews

We couldn't be more thrilled with the service and experience Partyman provided on our wedding day! From start to finish, everything ran smoothly, and our guests are still raving about the food. Having a good catering company was high on our list as we are in the wedding industry and so were a lot of our guests so having impeccable service and hot food was a must, and Partyman did not let us down!

A special shoutout to our day-of coordinator, Kayla, who went above and beyond to make sure everything was perfect. She was calm, organized, and so easy to work with—exactly what you want on such a big day. Her team was just as incredible: professional, kind, and always one step ahead.

Thank you to Kayla and the amazing Partyman staff for helping make our day so memorable. Highly recommend to any couple looking for exceptional catering and service!

Best food ever!!!! We had Partyman for our wedding at The Annex WNY on 6/22/24. From the start, Partyman has been extremely flexible and personable. We completely customized our buffet to which they were very open to. When we went to their tasting, we were able to see how they transform their space so flawlessly (and taste all the delicious food- it was hard to choose!!) We even added a late night snack that was so unique (chicken and waffle cones). They are incredibly in depth to take care of everyone (dietary restrictions, immediate family being taken care of, accessibility concerns). We have gotten so many compliments on the food. I'm so grateful for their efficiency and delicious food!

We were introduced to Partyman through both our venue and planner. From the beginning they were easy to communicate with and very accommodating. We chose hand-passed appetizers and a plated style meal service and while it was a big undertaking, they did a great job on the wedding day! Not only did our guests rave about the service, but they raved about the food as well. Highly recommend Partyman for all of your catering needs!
